Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object to this planning application because it is not in line with Government Planning Policy and is out of line with Gravesham's planning. This is undeveloped green belt and should remain as such for the following reasons; protected woodland and wildlife would be severely affected together with noise and air pollution. Transport infrastructure is chaotic enough without adding more cars. This area is already overwhelmed at school run time and the daily commute not to mention the almost non existent bus service and the absence of a railway station. Furthermore this area will be affected by traffic from the Thames Crossing as soon as there are hold-ups on the A2 etc. For all the reasons stated this proposal should not in any circumstances be recommended for approval.
