Reasons for comment:

Comments:	A development of this kind and size is totally impractical. The A227 between the A2 and Wrotham roundabout is already overused by traffic especially heavy traffic and will adversely affect parking in the area around Culverstone school which is already overused. I have lived in Culverstone for 59 years during which time the area has been decimated by the development of Vigo Village as well as Culverstone itself. This area was country and it has been totally over developed. The environment will be hugely harmed by this proposed development and the school, medical facility could not cope with the huge increase of population.
