Reasons for comment:

Comments:	This application is a blantant attempt of over turn pervious applications which were rightly refused. The grounds for previous refusals are all still valid. Especially with regard to safe access and egress. The need for the hard standing could only be justified if the applicationit intending to (CPRE Kent is still getting reports of drainage lorries using the site which needs to be looked into) use the site for parking HGV's. The site is in the Greebnbelt.
