| Stance: | Customer objects to the Planning Application |
| Reasons for comment: | |
| Comments: | I object to this proposal because of the impact it will have on traffic which is already over congested in this area and also the lack of infrastructure needed to support the extra population created including lack of school places as well as lack of local doctors and related health services and also lack of shops nearby. The nearest railway station is Meopham which is a car drive away and there is little or no bus service available. It is a lovely rural area which will be spoilt by the building of 100 dwellings. |

Kind regards
