Hi Lisa,

Thanks for your call just now, I've annotated the proposed plan with arrows to point out exactly where all the proposed equipment is going on the tower.

The ODUs to be removed/installed are not shown on the existing/proposed plan due to being situated behind the dishes to be removed/installed. The attached proposed dish plan and elevation drawing illustrates the location of the ODUs and their size. As mentioned, the ODUs are ancillary equipment.

Please let me know if you have any further questions or queries.

Kind regards

Archie Roberts
