Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Over 400 people have already objected for the woodlands to be altered and turned into a McDonald's. Since the previous objection the council is yet to arrange a public meeting for us to voice our very strong concerns. Living opposite the woodlands, illuminated lights will be an eyesore. It will cause light pollution and cause huge disruption to all those living opposite including myself. The lights will light up our homes meaning we will lack privacy and will have disrupted sleep as the light will remain on for long periods of time. I am disgusted with the lack of community support from the council. This will be a monstrosity. If this becomes a McDonald's it will drive hard working people out of their local town. Do better Gravesham Borough council.

Kind regards
