Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: [REDACTED] being the owner of 1 Gabriel Gardens has made previous applications for the erection of a further property all of which have been rejected including an appeal so I am suprised to learn that another application has been made albeit a slightly different version from the previous ones. The previous application was made under reference 20230957 & my objections at that time were notified. However, my objections still remain the same regarding the disturbance of the many varieties of wildlife contained within my property at [REDACTED] My garden is one of very few on the Riverview Park development. It has been pointed out before that wildlife is very much on the decline which can be attributed to over development of urban areas. I appreciate that under todays circumstances there is a need for much more housing throughout the UK due to an increase in demand relative to the increase in population. I hope my comments justify as much as my neighbours concerns regarding the develop mental of this site at 1 Gabriel Gardens. I'm hoping my anxieties will support my claim for rejection of the proposed planning application.

Yours sincerely
[REDACTED]

Kind regards
