I wish to object to planning application number **20260649** for the reasons stated below.

The proposal to build 100 new houses in the Drove Way is on green belt agricultural land & should stay as is as it is a natural habitat for many varied animals. Istead Rise is a car dependant village & the building of these houses will add more pressure to the road system. The doctors surgery & hospitals in the area are already at full limit with reduction of school & college places these houses will cause.

The plan is inappropriate & will not bring any benefits to the local residents it will just cause more problems.
