I wish to **object** to planning application number **20260649** for the reasons stated below:

The roads are too narrow, and the steep hills will make driving unsafe with at least another 100 cars or more living in the area.

Our local doctor's surgery is overwhelmed with the no. of patients it has to deal with now. With at least another 200 people added to area will make life even more difficult for the surgery.

Will our school be able to cope with the extra nos of pupils?

When school goes in or comes out, the cars waiting for the children, fill the roads round the school, as the roads are so narrow. What it would be like with another 100 homes & all their children is very worrying.
