I wish to object to planning application number 20260649 for the reasons stated below:

I object to this because Istead Rise is a peaceful area. With more houses it will become busier increasing traffic and safety also all the animals won't have any homes, there will also be a loss of privacy of existing property. We have a community here that is safe for us to walk our dogs. If you put houses there you're restricting dog walking paths. The traffic will increase people already park on the roads so there will be more people trying to get in and out of the rise, which leads to more accidents. To summarise I don't want this build to go ahead because if you put more houses it will disturb nature and to be honest it's unnecessary when you could build on brownfield rather than this.
