I wish to **object** to planning application number **20260649** for the reasons stated below:

We don't need any more houses, flats etc at Istead Rise. Traffic is appalling, can't get doctors appointment. The A2 is always at a standstill and to even get off the rise at peak times is dreadful. No train station, hence more cars, no shops to speak of, nothing for youngsters to do, hence the hanging round shop area appalling. Moved out of London to get away from it and now all you work to do is spoil this area of country. If I wanted to live in a large town I wouldn't have moved here. If you keep building on the land where will our food come from

This area from Dootford down is now disgusting, houses upon houses, water is also a shortage and all you do is make it worse.

No money has been spent on our roads which are now falling apart because they weren't meant for so much traffic. Weeds are growing all over the pavements and roads which never happened before.

Too much money spent on Grosvenor Centre which people will tell you now is a no go area. It's awful.

Bus service is not reliable hence people use cars and with the number of houses far want to keep building we won't be able to get out of our houses as now money and everything are like a rat race, especially if the A2 is blocked.

No jobs in this area so people will have to use cars. No I don't want any more houses here.
