1 Wilfred Street, GRAVESEND, Kent, DA12 2HA

On

07/12/2015

are certified by the installer

Reg No: 12440

HPAS Ltd t/a Safestyle UK

to be compliant with Regulations 4 and 7 of the Building
Regulations 2010

The Fenestration Self Assessment Scheme

If the address, window/door count or installation date is incorrect please contact your installer directly

This certificate is important. Please keep in a safe place

SUKIE DHONOTA

Dear Sir/Madam

Since 1st April 2002, window and door installations have been subject to Local Authority Building Control and therefore any new installations need to be recorded either by direct application to your Local Authority or through a FENSA (Fenestration Self-Assessment) Registered organisation, as is the case with your own installation.

This certificate is evidence of your installer's certification that the windows and/or doors you have purchased meet the Building Regulations, which were in force at the date the installation was conducted, and that the installation has been notified to your Local authority.

Please keep it in a safe place. You are also advised to keep copies of all documentation (including plans, if any) relating to the installation work. Please note that whilst installers are expected to satisfy certain criteria in order to join the FENSA scheme and expect companies to meet the Building Regulations, FENSA Limited does not disclaim all liability in the event of non-compliance of an installation.

Please check that the installer name, which is on the certificate, matches the contractor who undertook the installation.

FENSAFENSA

Window/Door Definitions

Bay windows count as one window
Multi-unit windows count as one window
Doors or pairs of doors count as one door
Door sidelights and topights are each counted as separate windows
A pair of patio sliding doors or French windows count as one door
A rooflight counts as one window

Does not fall into the remit of FENSA

Conservatories
Porches
New Build
Extensions
Repairs (Frame not included)
Commercial

Therefore none of the above need FENSA

FENSA is solely a registration service for companies to self certify that the windows/doors they install comply with sections 4 & 7 of the Building Regulations that came into force in April 2002 and that the following Building Regulations are not compromised by the replacement, A (Structure) B (Escape in case of fire) F (Ventilation), M (Access for the Disabled) J (Gas Regulation) and K(Guarding). This is as far as our remit goes it does not cover any other aspect of the installation.
