USE ONLY

Technical survey

As one of our quality-control procedures, we carry out a technical survey to make sure that the designs you have chosen are made to the specifications required, and that we can carry out your order in the most efficient way possible. The survey will also be responsible for deciding where to place trickle vents if needed. The fee you pay for this separate service is on top of the fee for the survey and is £5.00 per window and door included in the balance shown above.

Signed: **[Signature]**

have received £ **[REDACTED]** (cheque preferred)

Survey fee: **£75**

For VAT purposes, please sign below only if you have paid your survey fee or deposit in cash. Please do not pay in cash unless you do not have a cheque book.
