Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: A third storey on this building will severely compromise [REDACTED] privacy, as the windows will be looking straight [REDACTED] bedroom,

also,
this extra storey will block out any sunlight that gets to [REDACTED] property,
i will be left in the shadows.

I would be forced to move out and it would be unlikely that any prospective occupier would want this property if this building work was undertaken.

The submitted drawings are a false representation of the existing rear elevation,
The current windows are hidden on the drawings, perhaps intending to deceive the planning team

The windows on the side of the rear offices are frosted glass and have no vision as this was wash rooms not offices,
the plumbing outside is still evident,
residential use would affect the neighbouring properties as this building is within approx 20 feet of existing residential properties

Kind regards
