Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This is an unsustainable level of development for an area that is already significantly stressed. The infrastructure cannot support this many homes and this many cars. Wrotham Road and surrounding roads are very busy, especially at peak times. I can't imagine what traffic chaos this many new homes would result in. The small high street that Meopham does have is completely over subscribed. Entering and exiting this parade is dangerously busy. This high street is not substantial enough to support this influx. Facilities such as the GP are already hugely over subscribed and there's no NHS dentist to be found. The loss of so much green belt land would be devastating. This signifies a loss of biodiversity and the destruction of habitats.

Kind regards
