

20230525 Valley View Wrangling Lane

KCC Public Rights of Way

I refer to your letter dated 19th May regarding the above planning application.

I can confirm that I do not have any objections to the above planning application 20230525.

The granting of planning permission confers no other permission or consent on the applicant. It is therefore important to advise the applicant that no works can be undertaken on a Public Right of Way without the express consent of the Highways Authority. In cases of doubt the applicant should be advised to contact this office before commencing any works that may affect the Public Right of Way. Should any temporary closures be required to ensure public safety then this office will deal on the basis that:

- The applicant pays for the administration costs
- The duration of the closure is kept to a minimum
- Alternative routes will be provided for the duration of the closure.
- A minimum of six weeks notice is required to process any applications for temporary closures.

This means that the Public Right of Way must not be stopped up, diverted, obstructed (this includes any building materials or waste generated during any of the construction phases) or the surface disturbed. There must be no encroachment on the current width, at any time now or in future and no furniture or fixtures may be erected on or across Public Rights of Way without consent.

I attach a copy of the plan relating to the proposed planning application for your information.
