Reasons for comment:	
Comments:	This absolutely cannot happen. Vigo/culverstone are small villages, the roads are always jam packed and busy and increased properties will completely overwhelm the roads more than they already are. It can take 30 mins to get from culverstone to the m20 with traffic. The area is also an area with lots of trees and fields so would affect local wildlife plus not to mention the area has regular issues with drainage and surface water flooding. More properties would absolutely overwhelm this. It isn't an area which should have additional properties built. The infrastructure isn't there at all

Kind regards
