Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I am objecting to the planning for 100 houses at Blackthorn farm.</p> <p>PLANNING REFERENCE 20250900</p> <p>[REDACTED] I know the impactt on environment will be huge many protected species on this site, it was reported tonight that there are bats and lots of birds, badgers, golden crested newts... the Proposals go against the most recent Government National Planning Policy Framework.</p> <p>Paragraph 116 unacceptable impact on highway safety, residual cumulative impacts on road networks would be severe.</p> <p>198 : developments should be appropriate to location; pollution (affecting health) living conditions and the natural environment; sensitivity to wider area, light pollution</p> <p>This is Ancient Woodland; loss or permanent damage to irreplaceable habitats. This site has not been previously developed and therefore does not meet any criteria for "grey belt"</p> <p>4. Adjoins ancient woodland which must be Protected. Run off from the steep slope with a chalk substrate will cause flooding and some of the land actually has the highest level of environmental protection.</p> <p>Impact on Air Pollution - already compromised by the traffic volumes on the A227.</p> <p>Access to the main road will be dangerous, The road will be very dangerous with 200 more vehicles as it is currently at standstill without extra cars I am concerned about access for emergency services.</p>
