Reasons for comment:	
Comments:	I am writing to object, without reservation. It has been acknowledged recently that there is enough brownfield to accommodate the building of 1.5 million homes. Therefore this proposed site is totally unnecessary as well as being completely unsuitable. In itself the destruction of the environment is unwarrantable, as well as negatively impacting human health and flora and fauna. No adequate public transport is available at this site so private vehicle usage would increase, resulting in increased congestion and pollution on an already very busy A227. Use brownfield - not greenfield!

Kind regards
