Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I must object to this proposed side extension again based on the lack of parking this will cause in the street. This has not been thought out properly at all. This proposed extension will cause a strain on the resources of the small cul-de-sac, there will be no parking available for this property and they will see fit to park in the only turning circle available to traffic turning around in the road and block access to others driveways. The side elevation will also block light to my property and further violate my property's privacy as there are already two windows on the upper floor facing my property.

The noise levels during this work will also be a disturbance as this is a small cul de sac, the sound will echo through the street and cause distress.

PLEASE SEE FURTHER OBJECTIVE COMMENTS AND PHOTOGRAPH EVIDENCE SUBMITTED IN A LETTER TO GRAVESHAM BOROUGH COUNCIL PLANNING OFFICE.

Kind regards
