

20240949 12 Campbell Road

Dear planning,

Can you please add my comment on to 12 Campbell Road DA11 0JY, Gravesend, application (reference number: 20240949) since something unusual happens with this application. So, their design and access statement has misinformation and I just want to clarify some information.

My neutral comment as neighbour is should be as follow.

Dear Planning,

In the design and access statement, it expresses that the land at the rear of the number 12 is disused garages.

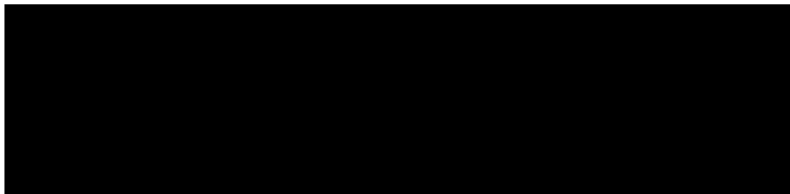

Just to clarify that the land at the rear of the number 12 is no longer a site of disused garages. There is a granted planning consent for 5 three bedroom houses with 2 parking spaces for each unit and includes three visitors parking bays.

The garages have already been demolished and the work already in place for the erection of 5 houses.

Best regards,
