Reasons for comment:

Comments:	Please contact me Amanda if you want a real life account from someone who lives on the Wrotham Road near this location. This is ridiculous and so dangerous to many peoples lives . Having lived in Meopham for nearly [REDACTED] I'm absolutely amazed that this is even being considered- is it to do with this Labour government building plans which will see them have a very short term ? My message to any labour leader is come and live in Gravesham /Meopham and see if you would put up with it ! Meopham's infrastructure, parking , schools , rubbish , logistics , roads , shops , doctors, commuter links can't cope at the moment so how is 100s of new homes going to solve this major issue ? The parade of shops near the MCA school is a serious accident waiting to happen due to congestion. The village we purchased very expensive homes in and pay high council tax for them benefits , is fast becoming a rural city either side of the A227 "racetrack" motorway joining the A2 to the M20 . All this will do is make the area overcrowded, increase the growing crime rate , intensify dangerous parade and parking , reck the community spirit and damage the economic levers of house pricing and local business . If the proposed development is agreed you will change the area forever and people will have to move out to seek a better life . Totally counterproductive in every sense of my argument and please ring for more information. Thanks, [REDACTED]
