Application Reference: 20251233

Case Officer: Adeoye Lawal

Location: Land at Rose Farm, Downs Road, Istead Rise, Gravesend, Kent

Proposal: Outline planning application for the demolition of 64 Downs Road & erection of up to 154 residential dwellings & creation of a new access from Downs Road (Full details on Gravesham's Council's Website)

I am: **Member of the Public**
(Age 18 or above)

Other: Resident

My Title & Full Name:

**My address
& postcode:**

Lesley Close, Istead ~~Rise~~ Rise
DA13 9JS

I wish to **object** to planning application number **20251233** for the reasons stated below:

Strongly object because a 154 new homes means
at least quadrupling the population on Istead Rise, plus at

least 2 cars per household, our roads cannot cope as it is.
Then there is the air pollution from the cars also all the
building work going on right next to the school. The doctors cannot
cope already, I had to wait 10 days for an app. then the schools
will not be able to cope. What about the infrastructure, water, sewage
the bus service only runs every hour and not at night or a
Sunday so how is a new population going to get on if they do
not drive. We already have building work going on next to
doctors, which is not going to help. Most of the residents on Istead
Rise are against more building it is spoiling our community.
Why use farm land, we need all the food to be grown here
and not imported from abroad,
I have lived here for [redacted] and this is going to spoil our
community and clog up all our services, the local hospital is
not equipped to take anymore patients, people are waiting over
six months and more in some cases.
It's about time someone stood up for the residents on Istead
Rise and said NO to this building plan, it's unsustainable
