I wish to **object** to planning application number **20251233** for the reasons stated below:

It is very disturbing to think of these beautiful fields all being taken for housing. Has the increased traffic been taken into account of the access let alone the pressure on our hospital and its surgery that are already under pressure. Our shops are already very busy especially the parking facilities. It is practically impossible to park near the local shops. Have schools been taken into the equation - it will be very busy for little ones crossing roads etc. and then consequently more traffic as parents will be dropping children off for school. Wild life have to be taken into consideration, we will have no countryside left.
