Reasons for comment:	
Comments:	Emphasis on No Impact to Neighbours Re: Support for Planning Application - 42 I am a DA12 resident writing in support of the outbuilding application for No. 42. The additions made to the interior of the outbuilding in no way affect the surrounding properties. There is no increased noise, overlooking, or impact on privacy. From the outside, the building looks exactly as approved-only the internal layout has changed to include facilities typical of a modern garden room. The objection submitted [REDACTED] does not appear to be based on any actual negative impact, but rather assumptions about potential future use which the applicant has clearly stated will not occur. I see no reason why this application should not be approved.

Kind regards
