Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	This Application like applications 20241164 and 20250764 have been made retrospectively and all 3 applications are currently for less mobile homes, touring caravans and day rooms than have already been put onto the land. Since December 2024, 3 separate gates and fences have been erected. This application will make 12+ mobile homes requested, multiple touring caravans and day rooms. Every single structure is currently in contravention of the Orders on the land. There is an Injunction over the land and eviction orders have been served on this land prior to this application being made. White Post Lane is not a suitable location for a traveller site of this size (which is rapidly growing without permission) and the Council should find an alternative location for this site that is more suitable. The trees on White Post land have been decimated as these structures are coming in and trees have fallen which is very dangerous for all users of this road. There are no pavements, the road is used by cars, cyclists, pedestrians and horse riders. The danger of unstable trees hurting any of these users is enormous. This road is not suitable for children to walk along unaccompanied and it is certainly not suitable for a new community to be built on. Hundreds of objections have been ignored and the community continues to report issues daily with no response.
-----------	--

Kind regards
