Reasons for comment:	
Comments:	This site has been proved repeatedly, through planning applications and appeals all being refused/dismissed, to be green belt and outside the village envelope, an important area of openness and transition from denser inset settlement to rural. Whatever successive owners may hope, it isn't a building plot and it should be restored/remediated. There is nothing fundamentally different about this present application compared to previously so it should also be refused. The nature of the application is also inappropriate for the location and would be detrimental to the area and existing residents.

Kind regards
