|----------------------|--|
| Commenter Type: | Member of the Public |
| Stance: | Customer made comments in support of the Planning Application |
| Reasons for comment: | |
| Comments: | I object to this on the following grounds Loss of green belt and character as it encroaches the countryside and inconsistency of green belt usage. A drainage and flood risk which will Exacerbate flooding in the area Gridlocked roads in the area already and when there are some traffic lights it becomes unmanageable . Lack of good alternative roads for the amount of traffic which would be in addition. Roads also already poorly Maintained. This would cause more traffic in the area and there is no infrastructure for this. Lack of local services in the area such as GP, shops and schools to support this build. Increased pressure on local services would be the result. Irreplaceable habitat lost for wildlife and loss of biodiversity due to removal of trees and hedges |

Kind regards
