Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I object to this development for the following reasons.</p> <p>Inconsistency of green belt purposes, seems you can build on it when it suits you however this is green belt land and should stay that way and not be built on.</p> <p>Lack of alternative roads as the area is already gridlocked at times especially if issues on A2 and any traffic lights on local roads. An increase in congestion from this would make it intolerable for many local people who already live near proposed development.</p> <p>Irreplaceable habitats for wildlife will be lost due to removal of green belt and trees and hedges which sustain many creatures.</p> <p>Drainage issues and risk of flooding in area of poor drainage anyway.</p> <p>Increased pressure on local services such as shops and GP surgery as well as schools and high would not be able to sustain more homes in the area</p>
