Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	this is a ridiculous plan we have a small school no doctors surgery it will make the village roads much busier than they already are they are already congested at times and parking is limited there is no real infrastructure to support this application its is to the detriment of people and wildlife it will destroy the quality of life for many residents who have been here years they have already lost the doctors which many are struggling with and now this plan to spoil the village the developers are not even from here and no nothing of life here which will be ruined by this and the disruption and dirt on the roads and which a new development causes and at a time when the nutralit traffic comes through the village and the potential for the new crossing it's all too much for a small area to endure making our lives very difficult making the roads by the local shops in particular difficult to cross safely for children and older residents there is already a lot of traffic there which moves fast this will make it a lot worse

Kind regards
