Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I submit my objection for the building of houses on this piece of land for the following reasons:
a) Our greenbelt, green spaces and agricultural land are under constant pressure of development. These green spaces are vital for the health and welfare of the community and they need our protection, not development.
b) The local infrastructure is under pressure - schools, hospitals, roads/lanes and doctors. In fact, permission was recently given for the closure of the Higham Surgery in spite of protest from residents, parish councillors and our MP. How does it make sense to actual DECREASE our vital infrastructure and then INCREASE housing? It is madness.
Please stop this development. Thank you.

Kind regards
