Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The site is Green belt grade2 agricultural land for arable crops and especially with the world geopolitical situation we should never give this land up to housing.Once gone we can never recover it .There should be more money given to develop brown field sites The green belt is there to prevent urban sprawl.This plan will join the village to Sole Street The village infrastructure cannot support a development of this size.An extra 1500-2000 cars would cause chaos on intersections and country roads with additional air pollution This plan puts our health at risk the doctors are full and the hospital overcrowded Norwood Lane already has a major issue with flooding problems .Building over the land will further exacerbate this situation Norwood Lane is often closed for road repairs of several kinds.Emergency vehicles would be impacted with such closures potentially affecting ca 270 homes and a trading estate

Kind regards
