Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The roads in this area are already over loaded and unable to deal with current traffic flow, it's impossible to widen or increase the flow without causing further damage the country side. A one way system would be horrifically congested and cause a major knock on effect to the surrounding roads. There are so many other locations in the Gravesend area that would suit a development of this size.. Why is it proposed here?? Where the knock on effect the local area is so high?? This makes zero sense other than the financial gain from property in this area.

Kind regards
