Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This is green belt, grade 2 agricultural land. It has biodiverse copses used by a lot of wildlife including badgers and birds of prey. We must safeguard our countryside and protect ancient ecosystems, flight paths of birds and hunting grounds of mammals, this development would destroy that. It would also affect the character of the existing villages such as hook green and sole street. The open land acts as a carbon sump, and the fields capture water reducing flooding which is a major issue on Wrotham Road and Norwood lane. The local GPs are also at full capacity, the development and the additional traffic would cause pollution and light pollution.

Kind regards
