Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I would like to object to the above Planning Application. I believe that a development of this nature would impact the area and community extensively. The local infrastructure is not in place to cope with this development including GPs, Hospitals, Schools, water and internet. It would completely change the area. I do not believe that there is sufficient road capacity for this extra traffic that would affect all the local areas and roads.
The impact on the local wildlife would also be bad. There are badgers, barn owls, bats and lots of birds that can be seen in this area. I have lived in this area for over 50 years and do not believe this going to have a good impact on the area. There will be many vehicles having to access the site down narrow lanes. This will cause undue stress and impact the local community.

Kind regards
