Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	We would like to oppose the application of the changes to 27 Brenchley Avenue. The new height of the house and the new front windows on the first floor would mean that occupants would be able to see inside downstairs reception and upstairs front bedrooms of [REDACTED] Brenchley Avenue. This will have an impact on our privacy and style of living. Also, the layout of the proposed building looks like that of an HMO or one for increase in the number of occupants. This would mean increased activities in the area, and the likelihood of more cars being parked on the road, which can have an impact on residents living closest to number 27.

Kind regards
