Reasons for comment:

Comments:	I fully support the change of use of the former pub to a Place of Worship and community centre by Al Haq Academy. Having lived here for many years, I have seen the local community grow and evolve, and I believe this project will bring real benefits, particularly to the younger generation. The Academy's proposal to establish a madrasa is especially important. This will provide a safe, positive space where our young people can receive religious education and moral guidance, helping them stay connected to their faith and develop a strong sense of identity. The Academy will also offer spiritual reformation programmes, host gatherings and events for the wider Muslim community, creating a space for social support, learning, and spiritual growth. I believe the centre will provide much-needed support services, including mentoring and counselling, particularly for reverts, individuals struggling with mental health. Local mosques are currently at full capacity and unable to offer these extra services, making this project a crucial addition to the area. I believe this facility will be more than just a mosque; it will become a hub for youth development, spiritual enrichment, and community cohesion. Given the area's needs, it's an opportunity we shouldn't miss.
