Address:	[REDACTED] Church street Higham

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object to this development because it will do nothing to enhance the natural beauty of church street and will only create numerous problems I.e More vehicles using this dead end lane with no pavements and only 3 lights within in its total 1 mile length and with numerous walkers and commuters walking home from the station to properties in Church St and Bull Lane Creating a serious problem with parking at the end of lane Being built within a few hundred yards of a beautiful historic church Being built within a conservation area and a area of special scientific interest (SSI) Concerns over numerous food delivery vehicles and cesspit emptying lorries Concerns over the holiday persons using these let's,who will have no sympathy with the history and charm of this area of church street This planning application has already been refused so I question why it is even being considered again ?
