Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	Having reviewed the proposed application, we would like to confirm that we have no objections and support the proposal as set out. We feel the scheme has been carefully thought through and designed to retain the open character of the area and properties. We consider the proposed extension remains appropriate with all surrounding houses being of individual character and designs. We note the access remains unchanged and the land tapering to the North remains open where the children can play safely. We therefore have no objection to the application as it stands.

Kind regards
