Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I strongly object to this application. This site has grown over the years taking no notice of previous planning refusals. White Post Lane is a single vehicle road, yet the site use the lane for all access including vehicles that are way too big to use this lane safely. The country lane has been demolished to get the latest van on the site. Where does the site get the electricity & water supply. There is no refused, so rubbish is just dumped. Large fences have been erected to hide the side. There are posters advertising a roofing firm. This it itself needs planning permission. There are large vehicles delivery materials using this narrow lane. Horses are kept on the fields & I am unsure how well cared for they are. The planning application has been made on land that is in an area of outstanding natural beauty & on green belt. This should be seriously looked into as it will just set a presidency & will open the flood gates to similar things going on in the country side. People in the local area pay a high premium to live in this area. Abiding by the rules as seeking full planning for any adjustments to their houses. I understand that the high court have given 12 months notice for this land to be cleared. I am not confident this will happen within this timeframe. Similar injunctions have taken 3 years to clear the sites. I am disgusted with what has happened to our countryside
