Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I strongly oppose this planning application Loss of our countryside green belt land Loss of our local wildlife and habitats Lack of infrastructure No GP registration for extra patients already an issue and hospitals impacted with those seeking A&E and appointments Huge strain on local primary and secondary school places and the cost to build extra schools and staff them! The traffic on the A2 and Wrotham Road is getting worse everyday the congestion and the queues of traffic will be gridlock and the pollution and air quality will be a health hazard to the community and school children as well as the road safety to them and the local shops and businesses that people attend Drainage and flooding has already been highlighted
