Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	would like to formally object to the proposed McDonald's development in this area. The location is particularly concerning due to its close proximity to two schools and a public park. This raises serious issues around increased traffic, pedestrian safety, and the overall impact on children and families who use these spaces daily. In addition, there are already two existing McDonald's restaurants nearby, which makes the need for another one questionable. The area is already well served, and an additional outlet would likely contribute to unnecessary congestion, litter, and noise rather than providing any meaningful benefit to the community. I also have concerns about the broader health and environmental impact. Placing another fast-food outlet so close to schools sends the wrong message and may encourage unhealthy eating habits among young people. For these reasons, I strongly oppose this application and ask that it be reconsidered in the interest of the local community.

Kind regards
