Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	My objection is based around volume of traffic already using Wrotham road makes the two junctions of old road east and new house lane problematic currently , adding a commercial activity without the ability to manage the traffic increase safely is a real concern especially with ST George's school being close to the site. The ability to turn right out of the site has always been an issue when trading as a public house and restaurant , this would only increase with a fast food drive in. I would also raise the issue of increased late night traffic and parking in a residential area, parking along that road is already at a premium and to add further would be dangerous especially when it is so close to Woodlands Park.

Kind regards
