Reasons for comment:

Comments:	The reason for my objection is it is right next to a children's play park, which is one of the best in Gravesend. Us as parents take our children there for fun, exercise and healthy picnics, having a fast food restaurant next to it will kids will be constantly asking to go there instead. Also it is on the same path and a stones throw away from a primary and secondary school where many pupils pass on there way to and from school. This country already has an issue with child obesity and with a fast food establishment on the same path to and from the school this will only add to the growth of the situation. Gravesend already has two McDonald's one within a 10 minute walk away why do we need another? I walk past the McDonald's within the town centre on my way home from work and nine times out of ten there is always some kind of commotion with young adults there, this will most definitely happen at this location and it's in a safe residential area. Not to mention what it could be like at the weekends. I have witnessed huge altercations at the McDonald's in Gravesend Town Centre, where there has been known stabbings and violent attacks. I am comfortable letting my children go out where I live but if this McDonald's is opened I will not be knowing the kind of violence that has happened at the town centre I would be scared for their safety. We have so many fast food places in this town wouldn't it be better to turn this back into a nice family establishment that can be used by families of all ages.
