Reasons for comment:

Comments:	This food store is a Health & Safety nightmare. Boxes and bottles are stacked all along the aisles making it difficult to walk safely. It would be impossible for a wheelchair or disabled person to get through. It is dirty and unkempt inside with a hazardous ramp replacing steps, again impossible for anyone with walking issues to navigate. The shop as expanded to outside with vegetables, newspapers etc and FedEx and Clothing collection points. Clothing and other items are often strewn along both Central Ave and Kings Drive encouraging fly tipping. Parking of delivery Lorries (HGV etc) and customers alike is extremely dangerous as vehicles are parked over a busy crossroads, causing limited vision of vehicles driving up Central Avenue to those traversing along Kings Drive. There is often a gathering of youths outside the shop in the evening who then appear with gas canisters and balloons acting, predictably, spaced out and confused. I strongly object to even more opening hours as mentioned above. It definitely needs inspection by both yourself, Environmental and the Fire Brigade to assure this premises is legally safe for public use.
