Reasons for comment:

Comments: This is a residential area on three busy roads where there is already a parking problem. Parking restrictions have had to be put in recently on the corner of Portland Avenue and Central Avenue due to the parking problems. Building works will make this situation untenable. As this is a residential street there should be no president for adding housing units into a garden. These units will presumably have no parking allocated which will add to the parking pressures already mentioned. The units will also potentially be an invasion of privacy for the surrounding private gardens.

Kind regards
