Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I live near to the house in question, and walk past it daily. It has already been turned into a HMO and has gone from being an attractive house to a complete mess. There is always litter in the garden and on the pavement outside. Pieces of furniture and white goods are regularly abandoned in the front garden. There are trousers and sheets hanging in the windows. If permission is granted to make this an even bigger HMO, the mess will obviously increase and cause more problems for neighbouring homes. This street does not need massive HMOs, they are completely inappropriate for the area.

Kind regards
