Reasons for comment:

Comments:	Hi, I'd like to register our objection based on the availability of parking. I have read the planning notice and their comment on parking but I feel the change of use will have a negative impact on an already difficult situation. [REDACTED] struggle to park on Wrotham Road mainly due to the bus stop and the space it takes. If the bus stop was removed and/or residents parking permits or restricted parking was implemented this would help. I understand this may be difficult though due to people understandably parking for the church.
