Details of the pre-application advice received

Mr Brown suggested that the company submit an application to remove the condition without discharging it – this will need consideration if the condition is necessary because the use of the equipment may not generate any further noise than the surrounding pub garden.

Mr Brown also advised that:

'It is extremely important that until the condition is discharged or removed via application, that the equipment is not used.

To credibly manage the unauthorised use of the play equipment, substantial fencing will need to be permanently installed to prevent unauthorised use, before the pub is reopened following refurbishment. This will need to be around 2 metres high and not easily moved, additionally warning notices prohibiting its use should be prominently displayed. Failing to comply with this request to install fencing to prevent the use of the equipment may result in this Authority serving a 'Breach of Condition Notice' under section 187a of the Town and Country Planning Act 1990 (as amended).'
