| Comments:            | I am a neighbour. This proposal should not be allowed to progress. The road infrastructure is insufficient to support the traffic associated with this development. The Roads around the development and the A227 are too small. Also flooding of roads from surface water needs resolving. Ordinary sewerage drainage is also insufficient and the mains need renewing which is not included. Those objections aside. The fields are productive agricultural and there conversion would further reduce the self sufficiency of the UK. There is also the loss of habitat for wild life such as woodpeckers, hedgehogs which are a protected species and foxes etc. The loss of fields is also a loss of amenity to Meopham and Gravesham residents all of whom use the park and it's environs to relax. |

Kind regards
